LENNOX®

HOME COMFORT SYSTEMS
Innovation never felt so good.®

We've Got You Covered

For more than a hundred years, Lennox has set the standard for comfort with innovative heating, cooling and indoor air quality products designed to meet the needs of every home. We proudly stand behind our products by providing warranty coverage that not only protects your investment, but also ensures your peace of mind.

The Dave Lennox *Signature*® Collection represents the very finest in home heating and cooling, backed by warranty coverage that protects your investment for years to come.

All Dave Lennox *Signature* Collection products include a 10-Year Limited Warranty on covered components.

Did you know...

Proper maintenance of your HVAC system is required for continued warranty coverage. Lennox recommends a twice-yearly planned service and maintenance plan. Ask your Lennox Dealer for details.

Lennox 10-Year Extended Limited Warranty

A valuable upgrade to our basic Lennox® Equipment Limited Warranty, the **10-Year Extended Limited Warranty** is available at **no additional cost**, and increases the coverage on covered components on select Lennox Elite® Series and Lennox Merit® Series products from 5 years to 10 years.

Online product registration is required (except in California and Quebec).

For a full list of eligible products and qualifying installation dates, ask your Lennox Dealer or visit www.LennoxWarranty.com

Remember to register your equipment!

To qualify for Lennox' 10-Year Extended Limited Warranty, online product registration is required within 60 days after installation, or in the case of a newly constructed home, within 60 days after the closing date. (Registration not required in California or Quebec).

Once you have purchased Lennox® equipment, we ask that you register each product online. Doing so allows us to contact you with updated product information and special offers. Your product registration also helps us provide better service should you ever have questions about your product or require technical assistance.

Three fast and easy steps to register your product online:

1 Gather Registration Information

Your Lennox Dealer will provide their name, address and phone number, along with model and serial numbers for new equipment and existing equipment that must be registered as part of a matched system. You will also need your installation date (or closing date on the purchase of a newly constructed home).

2 Register at www.LennoxWarranty.com

Click on 'Register My Product' and enter your required information on the one-page form, then click 'Submit.' You will then receive a registration confirmation.

3 Print Registration

You will receive a copy of your 10-Year Extended Limited Warranty. Please print or save it for your records.

Note: Extended Limited warranties noted apply to residential applications only. See www.lennoxwarranty.com for details.

The Lennox logo features the word "LENNOX" in a bold, red, sans-serif font. The letters are slightly italicized and set within a red, horizontal oval shape that tapers at the ends. A small registered trademark symbol (®) is located at the bottom right of the oval.
