Rebate Application Instructions, Terms and Conditions For Systems Purchased on or after August 1, 2016 through June 30, 2017

An online application is available at NJCleanEnergy.com/WARM

Please read the program instructions, terms and conditions before completing the form on the other page.

A. CUSTOMERS – TO QUALIFY FOR YOUR REBATE, YOU MUST

- Purchase, install and operate high-efficiency equipment as outlined in the table below. Abide by the rules and rebate levels in effect at the date of purchase.
- Replace and/or retrofit an installation in an existing New Jersey home which is supplied with oil, propane, natural gas, IOU electric or municipal or co-op electric.
- The efficiency levels are based on the ratings found at the AHRI directory (AHRIdirectory.org) or the ENERGY STAR® listing (EnergyStar.gov).
- To qualify for a furnace or boiler rebate, the installing HVAC contractor must do the following:
 - Size the high-efficiency equipment between 100% - 140% (or 100% - 200% if paired with cooling) of the calculated Manual J total heating load or equivalent and
 - Meet Manual S system selection criteria.
- All units must be purchased by June 30, 2017; however all applications must be postmarked within 180 days of the purchase date to be eligible.** Please see below “C. Important Terms and Conditions” items 1 and 2 for funding availability.

C. IMPORTANT TERMS AND CONDITIONS

- This program is based on availability of funds. Procedures, requirements and rebate levels are subject to change and the program is subject to cancellation without notice.
- Funding for oil, propane, or municipal electric customers are provided through the United States Department of Energy State Energy Program (SEP).
- Due to the limited availability of funds, the program will terminate at the earlier of when **funds are exhausted or June 30, 2017**. Program termination will be posted on NJCleanEnergy.com.
- It is the responsibility of the customer to assure that all requirements for the rebate are met and that all required documentation is provided.
- Failure to provide any of the required information will prevent processing of your application.
- Rebate eligibility will be based on the equipment purchase date.
- Incentives are available for the installation (retrofit) of qualified HVAC equipment in existing residential buildings; newly constructed home are not eligible.
- Please allow up to 120 days from the date New Jersey's Clean Energy Program (NJCEP) receives **all required information** to process your rebate.
- If the customer portion of the rebate is to be assigned to another party, the customer must authorize this by completing and signing section B of the application form.
- NJCEP reserves the right to inspect all installations in order to ensure compliance with all program requirements.
- NJCEP provides no oversight or control over any contractor services related to this program. Responsibility for proper sizing of equipment, as well as delivery and workmanship related to any equipment or services the customer procures, rests exclusively with the contractor selected by the customer. NJCEP assumes no responsibility for oversight of contractor services.
- NJCEP audits its rebate programs as a protection against consumer and/or contractor fraud. Any attempt to defraud NJCEP will result in automatic rejection of the rebate application and possible legal action.
- Installations must be completed in accordance with all laws, codes and other requirements applicable under federal, state and local authority.
- Customers participating in other programs within NJCEP or New Jersey Weatherization Assistance Programs may not be eligible for rebates.
